

## EnergyElite Accounts Receivable

No business that extends credit can afford to lose control of its accounts receivable. The EnergyElite A/R module allows for a single A/R record, regardless of the customer location or product mix.

### Accounts Receivable Features

- ◆ A single receivable system across all products and services
- ◆ Real time aging
- ◆ Detailed customer transaction histories
- ◆ High speed cash data entry screens
- ◆ Account look up by name, address or telephone
- ◆ Customer notes system for free form comments
- ◆ Customized invoices and statements
- ◆ User defined credit system and credit limits
- ◆ Custom dunning letters, postcards and labels
- ◆ Deferred taxes

### Accounts Receivable Reporting

- ◆ Current A/R register
- ◆ Aged trial balance
- ◆ Customer transaction journal
- ◆ Delivery credit analysis
- ◆ Fuel assistance report
- ◆ Un-aged A/R register
- ◆ Customer balance report
- ◆ Customer aged analysis report
- ◆ Age report by route
- ◆ Inactive customer list
- ◆ Customer deposit journal

With a single A/R, all types of customers can be accommodated with one receivable system. There is even an advanced global credit module for all customers, even customers that cross-over product boundaries. Regardless of combinations, only one customer record is necessary.

Developed with you in mind for ultimate flexibility.
